For example, if your basic pay is \$16,000, you are entitled to deduct only \$14,000. You are not eligible for the subtraction if your military basic pay is \$30,000 or more. Military personnel must serve on active duty for 90 days or more and can be stationed inside or outside of Virginia.

For VA National Guard, up to 39 calendar days of service or \$3,000 (whichever is less) may be deducted from your income when filing. This deduction is only available for O-3 and below.

Real Estate Tax Exemption

Veterans rated by the VA as having a 100%, permanent and total, service-connected disability or who have a service-connected individual unemployable disability rating are exempt from paying real estate taxes on their primary residence. The exemption is based on the veteran's disability rating rather than the level of compensation.
