Education Benefits

Partners for Veteran Supportive Campuses

Washington State has welcomed home thousands of military personnel who deployed to Iraq, Afghanistan, and other locations around the world. This force of volunteer men and women have earned many entitlements; yet all too often these veterans transition home and in their desire to return to civilian life, quickly lose sight of the available services. By providing information and assistance to the state's institutions of post-secondary education and training programs, this MOU seeks to:

- Increase awareness of veteran's programs on and off campus
- Provide staff members with a core set of veteran cultural competencies
- Encourage campuses to implement best practices and policies designed to foster social support, acceptance, a welcoming environment, and a setting that meaningfully acknowledges the contributions of our veterans

- Encourage veterans to use GI Bill benefits
- Help veterans succeed in post-secondary education and training
- Ensure staff and veterans have access to services through WDVA and its federal and local partners
- Encourage the exchange of information between participating organizations to support veteran success

Cemeteries & Burial Services

Washington State Veterans Cemetery. This cemetery was established in a collaborative partnership between the Washington Department of Veterans Affairs and the Federal Veterans Administration. The state provided 120 acres of land for the facility and the VA provided an \$8.8 million federal grant to design, construct and completely the operation. The cemetery sits adjacent to Fairchild Air Force Base, overlooking West Medical Lake. The initial grounds breaking ceremony was held on May 25, 2009. The site was dedicated on May. 31, 2010 with the first interment taking place on Jun 7, 2010. Included in the initial site development was a committal shelter, over 1,000 pre-placed crypts, 2,080 columbarium niches, an unspecified number of burial plots for in-ground inurnments as well as a scattering garden. Also included in the initial development were an administrative building, with public and private meeting space and a fully enclosed maintenance facility for storage and upkeep of grounds equipment and machinery.

The State Veterans Cemetery is located 3 miles west of Fairchild Air Force Base. From the flag assembly area looking southward, Francher Butte and West Medical Lake are present. Looking northward from the Committal Shelter, military aircraft banking northward off the 90 foot flagpole with its 30 foot flag lowered to half-staff often form the backdrop to interment services, and provide a serene setting for the final resting place of our nation's heroes, our veterans and their families. The Public Information Center is located in the administration building. There is a grave site locator kiosk, accessible 7 days a week located just inside the foyer along with cemetery pamphlets that answer many questions.

The cemetery has an Avenue of Flags that leads up to the Flag Assembly Area. At the base of the Avenue of Flags is the POW-MIA flag. The Flag Assembly Area serves as the site for large community events such as Memorial Day ceremonies. There are 10 granite memorial benches in this area that commemorate service members of various 20th century wars, all donated by various service organizations.

Eligibility for interment in the Washington State Veterans Cemetery mirrors National Veterans Cemetery eligibility requirements. In general: All U.S. Veterans discharged under conditions other than dishonorable; Spouses; and Dependent Children

The Washington State Veterans Cemetery will serve veterans and other eligible individuals from Washington and other States. \$300.00 will be collected for interment of eligible spouses or eligible dependent children. Veterans who are eligible for interment are also eligible for a Federal VA Plot Allowance. The State Veterans Cemetery Office applies for and collects this plot allowance. Neither the State nor the Federal VA pay for other funeral expenses, such as preparation. These fees are paid by the Veteran's family or estate.

Some Veterans or their widows/widowers are eligible for Federal VA benefits in addition to the plot allowance. To determine whether the veteran or family member is eligible for additional benefits call 1-800-562-2308. Internment and preregistration applications with instructions can be downloaded at

Tahoma National Cemetery.

Tahoma National Cemetery was established Nov. 11, 1993, and opened for interments on Oct. 1, 1997. The cemetery was dedicated on Sept. 26, 1997. A small expansion project was completed in March 2006. The \$6 million project included over 12,000 new columbarium niches, more than 5,000 pre-placed crypts, road improvements, new signage, a third committal shelter and a third funeral cortege lane at the Public Information Center. Phase II of the expansion project was completed in June, 2014. The \$24 million project included over 14,000 new columbarium niches, more than 9,000 pre-placed crypts, 6,000 in-ground garden cremation sites, two memorial walls and an ossuary. Two new roads for accessing the new burial sections were constructed using permeable asphalt. The three new columbarium complexes contain rain gardens and bio swales to help mitigate the need for storm water runoff and retention ponds.

Tahoma has a Memorial walkway containing 36 memorials that commemorate soldiers of various 20th century wars, donated by various service organizations. At the northeast corner of the walkway is the

POW-MIA flag. At the southwest corner of the walkway is a carillon that was donated by the Navy Fleet reserve Association Seattle branch 18 and was installed in 2010, dedicated to the volunteers of Tahoma National Cemetery. A Blue Star Memorial is located south of the Public Information Center. The marker was originally part of a banner that families displayed in their homes during the 1940s to signify that they had a loved one fighting in World War II. Today, the marker honors all veterans.

From the flag assembly area looking southward, Mt. Rainier is ever present. A magnificent setting for the final resting place of our nation's heroes, our veterans. The Public Information Center is manned totally by volunteers. These volunteers help the visitors that come to Tahoma National Cemetery with many questions and concerns. They also coordinate with cemetery personnel on the funeral corteges and getting the family to the correct shelter for the committal service.

- Office Hours: Monday thru Friday 8:00 a.m. to 4:30 p.m.
- Closed federal holidays except Memorial Day and Veterans Day.
- Visitation Hours: Cemetery gates operate automatically, opening at 6:00am and closing between 6:00pm and 9:00pm depending on hours of daylight.

Burial in a national cemetery is open to all members of the armed forces who have met a minimum active duty service requirement and were discharged under conditions other than dishonorable. A Veteran's spouse, widow or widower, minor dependent children, and under certain conditions, unmarried adult children with disabilities may also be eligible for burial. Eligible spouses and children may be buried even if they predecease the Veteran. Members of the reserve components of the armed forces who die while on active duty or who die while on training duty, or were eligible for retired pay, may also be eligible for burial. For more information visit the [eligibility web page](#).

Burial benefits in National Cemeteries include a gravesite, opening and closing of the grave, perpetual care, a Government headstone or marker, a burial flag, and a Presidential Memorial Certificate, at no cost to the family. Some Veterans may also be eligible for Burial Allowances. Cremated remains are buried or inurned in national cemeteries in the same manner and with the same honors as casketed remains. This cemetery has space available to accommodate casketed and cremated remains.

Burial benefits available for spouses and dependents buried in a national cemetery include burial with the Veteran, perpetual care, and the spouse or dependents name and date of birth and death will be inscribed on the Veteran's headstone, at no cost to the family. Eligible spouses and dependents may be buried, even if they predecease the Veteran.

The Veterans family should make funeral or cremation arrangements with a funeral provider or cremation office. Any item or service obtained from a funeral home or cremation office will be at the family's expense. To schedule a burial Fax all discharge documentation to the National Cemetery Scheduling Office at 1-866-900-6417 and follow-up with a phone call to 1-800-535-1117. Tahoma National Cemetery has a Veterans Service Organization Honor Guard Association. These veterans provide honors to 90 percent of the veterans interred here. The Association is made up of The American Legion, Veterans of Foreign Wars, Disabled American Veterans, Elks Club, and other organizations.
