Georgia War Veterans Nursing Home (GWVNH)

GWVNH is a 192-bed skilled nursing care facility adjacent to the campus of the Georgia Health Sciences University, formally known as the Medical College of Georgia. The facility is also adjacent to the Charlie Norwood Veterans Affairs Medical Center. It is operated under an interagency agreement between the Georgia Department of Veterans Service and the Georgia Health Sciences University. Primarily, the facility provides medical and nursing services to Georgia's aged and infirmed veterans. GWVNH also serves as a teaching facility to acquaint medical, pharmacy, and allied health students with the medical conditions and diseases of the aged. This provides students with practical experience and helps them gain expertise in treating the disabled and the elderly. Also located at the facility is a GDVS Veterans Field Service Office that serves veterans of Richmond and Columbia counties.

GWVNH -- 1101 15th Street, Augusta, Georgia 30901 Tel: 706-721-2531

In fiscal year 2017, the nursing home provided 54,091 days of care to Georgia's veterans with an average age of 83. During the year, there were 247 admissions and 254 discharges with an average length of stay of 256 days. Services to patients included 5,188 physical therapy treatments and 4,347 individual occupational therapy procedures. Veteran patients were treated by a medical director and family medicine residents providing daily physician coverage. Other services were provided by a certified activities therapist and staff, two facility social workers and a staff of registered, licensed practical nurses and certified nursing assistants.

To help provide care and treatment, the federal government, through the Department of Veterans Affairs, provided financial assistance totaling in excess of \$7.3 million during fiscal year 2017. Throughout the year, veteran service organizations, civic and fraternal organizations and religious groups demonstrated their concern for the well-being of veteran patients through numerous donations, visits, and sponsorship of frequent activities for Georgia War Veterans Nursing Home residents. Georgia War Veterans Home

The Home is situated on approximately 17 acres in Milledgeville, is a 375-bed facility licensed and certified by the U.S. Department of Veterans Affairs to provide skilled nursing care to aged and infirm Georgia war veterans. United Veteran Services of Georgia, Inc., a subsidiary of UHS-Pruitt Corporation of Norcross, operates the home for the Department of Veterans Service under a contractual agreement.

Georgia War Veterans Home -- 2249 Vinson Hwy, Milledgeville Tel: 478-445-6826.

The home operated three skilled nursing care facilities in 2017. The Carl Vinson Building received partial renovation to accommodate 84 veteran patients from the Richard B. Russell Building, which is also undergoing major renovations. A new sub-acute therapy unit will be located in the Richard B. Russell Building. This new 58-bed skilled care unit will treat service-connected disabled veterans as part of the home. The Joe T. Wood Building remains at a 150-bed capacity, along with the Alzheimer's Unit in the Wheeler Building with 24 beds. Once renovations are completed by the year 2020, the Georgia War Veterans Home will have a capacity of 306 beds provided state funds remain available at the current level.

Residents have access to several recreational facilities. These include a fitness center; an 18-hole miniature golf course; a library; computers with Internet access and Skype; and a multi-purpose recreation center with pool tables, table games, books, and a large collection of movies. The Department of Behavioral Health and Developmental Disabilities transferred a portion of the Central State Campus, known as Cedar Pond, to the Georgia Department of Veterans Service for use by the Georgia War Veterans Home as a recreational area for veteran patients. This area consists of 54 acres, which includes an 8 acre pond for fishing, a covered pavilion, and a club house with kitchen. Cedar Pond will support many parties and other activities for veterans and provide an opportunity to get away from the nursing home for fun and relaxation.

Renovation of this area has begun which includes painting, repairing air conditioners, new flooring and several other small cosmetic repairs. The grounds will have general landscaping development and road repairs. A dock will be built for access to the pond for fishing and enjoying the water. They will also enjoy seeing the many wildlife that reside there. GWVH-Milledgeville is very excited about this facility and looks forward to many years of entertainment from this expansion.

The GDVS Veterans Field Service Office serving veterans in the home and in Baldwin, Hancock, Putnam, Washington, and Wilkinson counties is located in the Wheeler Building. Veteran-related visits for this field office totaled 17,273 for calendar year 2017. This office also serves the 250 veteran patients of the Home by assisting them with compensation and pension claims, counseling services, and family-related issues. During 2017, veteran patients at the home received 89,759 days of skilled nursing care. The nursing home admitted 161 patients during the year and had 161 discharges/deaths. The average length of stay for current skilled veteran patients is 1,243 days or 3.4 years. During 2017, federal assistance in funding a portion of the cost of providing care to veterans in the home amounted to \$11,912,102.

As in previous years, many veterans service organizations, civic groups, and church groups continued their sponsorship of numerous activities such as movies, games, dance parties, bingo, picnics, and other activities and programs for the general well-being of the veteran patients at the home. Groups and individuals that comprised the equivalent of 3,056 individual volunteers providing in excess of 10,819 hours of time valued at over \$216,380 presented over 1,108 activities during the year. The value of donated items made available to the home during fiscal year 2017 was \$100,141. Groups and individuals also provided direct monetary donations of \$9,371 in support of special activities and projects.
